GYMNASTICS DEVELOPMENT CLASSES for children ages, 2 1/2-6 years

Our pre-school program introduces children to basic skills and coordination tasks on adapted Olympic size equipment including the balance beam, parallel bars, uneven bars, rings, Goliath trampoline, tumble trak and mini tramp. Class atmosphere reflects a positive environment where children can have fun while they develop coordination, gymnastic skills, balance and self confidence. The emphasis of the program is recreational and focuses on getting children to try new skills, positively reinforcing their attempts, giving the child a positive attitude toward new situations and pure physical fun. Classes are offered for children 2 1/2-6 years of age. The 2 1/2 year olds are required to bring a grown-up with them to class. The class times are divided by age. Students should register for their current age group. All of the classes are similar in content, but vary in approach and expectations.
