Our preschool program introduces children to basic skills and coordination tasks on adapted Olympic-sized equipment including the balance beam, parallel bars, uneven bars, rings, trapeze, Goliath Trampoline, tumble trak and mini tramp. Class atmosphere is a positive environment where children have fun while they develop gymnastic skills, balance, coordination, and self-confidence. The emphasis of the program is recreational and it focuses on helping children try new skills, positively reinforcing their attempts, fostering a positive attitude toward new situations, and pure physical fun. Classes are offered for children 2½ -6 years of age. The 2½-year-olds are required to bring a grown-up with them to class. The class times are divided by age. Students should register for their current age group. All of the classes are similar in content, but vary in approach and expectations.
